

Baptism

At Grace we are genuinely excited and deeply moved every time we can celebrate the gift of Baptism with a person of any age, and we absolutely love this part of our ministry. Whether you are considering Baptism for yourself or are thinking about having your children baptized, we would love to talk to you more about it.

We view Baptism as an entrance into God's family and a significant step in the formation of a living and eternal relationship with Jesus. You do not need to be a member of Grace to celebrate Baptism here with us. By way of preparation, we offer a pre-baptismal session that allows you to meet personally with our pastor and learn more about what Baptism means in a person's life.

If you are interested in learning more or have questions of any kind, please contact us at our church office at (517) 546-3350 or office@gracelutheranchurch.org
